

- ⊗ Your project is not going according to plan?
- ⊗ Do you see the success of the project at risk?
- ⊗ The project team is stuck in a dead end?
- ⊗ Are you looking for new perspectives and solutions?

Your benefits:

- ⊗ Our workshop helps you to identify problem areas, to formulate clear steps and to develop strategies for sustainable solutions.
- ⊗ We offer proven methods to sharpen your decision-making skills and to show you new perspectives.
- ⊗ Learn how to keep a cool head and act successfully in stressful moments.

Target group:

- 🕒 Digitisation and IT project teams (project leaders, project members)
- 🕒 Recommended group size 4-8 persons

Scope of package:

- 🕒 Briefing before the workshop (2 h | online | preparation using a checklist)
- 🕒 Interactive workshop (1 day | 8 h) in face-to-face format at a location of your choice within Europe
- 🕒 De-briefing after the workshop (1 h | Online | Follow-up)
- 🕒 Deliverables: checklist, action plan and flipchart record
- 🕒 Project language either in German or English

Exclusive package price:

€ 3.900,-
plus VAT*)

Your benefits with Barbara Dutzler and Karl Reder:

- + Proven combination of project expertise and coaching methods
- + Independent view from outside
- + Workshop at the location of your choice
- + 100% confidential
- + In German or English

Deepening of content and methodology through consulting or coaching sessions also available after the workshop if required.

*) Price plus travel expenses according to expenditure (kilometer allowance, public transport, accommodation) as well as travel times depending on location. The client is responsible for providing the room, materials, infrastructure and catering at the location. Offer valid until 31.12.2023.

Let's talk!

DI Barbara Dutzler

” *In more than 20 years of experience in international corporations, as a technical expert, project manager and in executive roles, I have gained many insights into a wide variety of IT, digitalisation and change projects. Since 2021, I have focused on business coaching as a systemic coach. Especially people and teams in critical professional phases can benefit from this.*

- ÷ Master of Applied Geosciences at the University of Leoben
- ÷ Trained Systemic Coach (ESBA-Vienna)

Mag. Karl Reder

” *I have been working in various project roles in the IT sector for a good two decades. My original start was in CRM and ERP consulting, later I also had leadership responsibility in professional service teams and most recently managed the IT department of a medium-sized company. Since the end of 2020, I have been advising companies on a self-employed basis.*

- ÷ Master of Business Administration at the Vienna University of Economics
- ÷ Certified Digital Consultant, Certified Project Manager (IPMA, Level C), Certified Scrum Product Owner (EXIM)
